Home and household member insurance special offer

Wiener Städtische insurance company has launched a new campaign, “Your home is in safe hands with us”, as part of which customers will receive a 10% discount on property insurance for homes, flats, household contents and household members . The promotion starts on 01/05 and ends on 30/06/2016. As of recently, two topical risks – floods and flash floods, can now also be included in the risks covered by this insurance.

“We are often not aware of all the unwanted events that can jeopardise one’s hard-earned property. Unfortunately, it can disappear in a blink of an eye. One such situation was the catastrophic floods of 2014. The consequences of those floods are still being felt by the many people who are unable to return to their homes. In order to protect ourselves against these and similar risks, it would be a good idea to consider home and household member insurance,” said Katarina Krstajić, Corporate PR Manager at Wiener Städtische insurance company.

Wiener Städtische insurance company will offer special conditions, i.e. a **10% discount on the agreed premium**, to everyone who decides to sign a contract to take out this insurance in May and June.

The main benefits of this insurance are:

- Favourable insurance premium of 11 dinars per day (all risks included);
- You choose the amount which you want to insure your property for;
- You get the fastest payouts on claims;
- Wide breadth of coverage

This insurance can cover a house or a flat, auxiliary facilities in the property, home contents and glass against risks such as: fire and lightning strike, water leakage from the home plumbing system, explosion, storm and hail, floods and flash floods, while home contents and glass can be insured against burglary and robbery as well as against glass breakage. In addition, you can insure the members of your household members against third party liability as well as death and permanent disability.

You should always keep in mind that when an unwanted event happens, even the smallest of damage can cause large, unforeseen expenses. This insurance policy will be your first aid and the quickest way out of such a situation.
